Posts

2025

Observing Plan for the April Astronomy Program at Garber Forest	March 1, 2025
Implement a REST Service on a Nano RP2040	February 2, 2025
ESP8266 MicroPython Project with OLED	January 12, 2025
Using UV To Manage a ESP8266 MicroPython Project	January 5, 2025
Single-File Dependency Management in Python Script Using UV	January 1, 2025

2024

Total Dissolved Solids Measurements Using Arduino	November 17, 2024
Observing Plan for the November Astronomy Program at Garber Forest	October 18, 2024
Detecting the Voyager Spacecraft in Green Bank Telescope Data	September 8, 2024
Modern Perl	July 1, 2024
6502 Programming in C	June 16, 2024
Think Async	June 9, 2024
DuckDuckGo AI Chat	April 15, 2024
Practical Astronomy Algorithms in Various Languages	April 3, 2024

2023

Modern .NET Tooling in VS Code	October 29, 2023
.NET IoT and Terminal GUI	August 11, 2023
Perl: Is It Really That Bad?	April 26, 2023
Sci-Fi Recommendations	February 19, 2023

2022

James Webb Space Telescope	December 18, 2022
Rust In the Linux Kernel	September 10, 2022
Program Like It's 1982	March 26, 2022

2021

Supporting Material for ".NET and Linux" tech talk	December 10, 2021
The Upcoming Lunar Eclipse: Real-World Application of the Practical Astronomy .NET Library (+ Python!)	November 15, 2021
Early .NET 6 Observations	November 14, 2021
"Visual Studio Code: The Swiss Army Knife of Editors" (tech talk)	November 11, 2021
Create Extension for Visual Studio Code	November 11, 2021

Speak with Elegance (or not)	October 17, 2021
Running a Mainframe Emulator on a Raspberry Pi Zero (Lunch-n-Learn)	October 1, 2021
Enumeration Scoping in C++	August 5, 2021
Python and XML	June 7, 2021
Fossil Hunting in Central Kentucky	June 6, 2021
Traditional Programming on Hobbyist Microcontroller Boards	April 11, 2021
Rust in the Android Platform	April 7, 2021
Privacy Issue in Rust	April 3, 2021
Fossil Sites Map in Leaflet.js	March 14, 2021
Geology of Jezero	February 22, 2021
Rust Foundation	February 8, 2021

2020

Cleveland Archaeological Society Lecture Series	December 28, 2020
Venusians, Perchance	September 23, 2020
The Trinity Mineral	May 28, 2020
Going Viral	March 14, 2020
A Dim View of Betelgeuse	February 22, 2020

2019

Scientific and Critical Thinking Omnibus	December 13, 2019
Show Me What You're Made Of	August 11, 2019
Homeopathy	June 16, 2019
Visitors From Space	March 31, 2019
"Astronomy for Beginners" Program	February 27, 2019

2018

Coordinate Systems: Finding Your Way Around the Sky	December 8, 2018
Natural Selection At Work	November 1, 2018
Like Water For Gravity	May 21, 2018
2018 AIA/SunWatch Lecture Series: Science vs. Pseudoscience	January 31, 2018

2017

How Firefox Got Its Groove Back	November 19, 2017
Who Ya Gonna Call?	October 28, 2017
Cleaning Fossils	September 11, 2017
March For Science	April 15, 2017
The Dating Game	March 11, 2017
Printing the Past	January 5, 2017

2015

SETI@Home	June 17, 2015
Early Humans in the Americas	March 21, 2015
What is a fossil?	January 7, 2015
